

John Tobia, County Commission District 3

1. Assuming you are elected to the County Commission, what will be your primary area of interest and what do you hope to accomplish in this area?

to slow or stop the ever expanding nature of government at the county level
budgeting

2. In the next 10 years, what do you believe will be the top three most important critical needs of Floridians/Brevard Country residents? What do you propose we do to cope with these critical needs?

- a. national defense (a federal issue outside the scope of the commission)
- b. health care (a federal and state issue outside the scope of the commission)
- c. jobs -- provide a climate that encourages job creation with low barriers to entry that are defined and equitable to all

3. Recently, there was a legal opinion from the Counsel for the Charter Review Commission that opined the Charter cap may be unconstitutional. Do you support the repeal of this language that would ultimately give the County Commission full authority and discretion to set its budget as it sees fit?

No

4. How would you reduce the budget to save taxpayers money? As specific as possible explain the reductions you will propose/achieve for the budget.
Every department, or silo, would be required to submit a budget proposal with a 5%, 10%, and 15% reduction of revenue (similar to state budgeting)
