Pre-Interview Questions

(For Legislative and County Commission races)

1. In the next 10 years, what do you believe will be the top three critical needs of Floridians/Brevard Country residents? What role will the office you are seeking play in helping meet these needs, and what plans do you have to help us do so?

Clean Water, Climate Change and Gun Reform

I will see to it that transparent and sincere bills are passed and funding spent accordingly.

2. How do you weigh decisions between the needs of your local district constituency and those of the county/state as a whole?

I have lived in Brevard County my entire life and I am well aware of the local citizens concerns and needs. It is a town of locals where everyone knows each other, and unlike any other part of Florida that I have seen. I believe that I can accurately determine what is best for my district

3. Assuming you are elected/re-elected to the Florida legislature/county commission, what will be your primary area of interest and what do you hope to accomplish in this area? What committees will you request if elected to the legislature?

I would like to see to it that the good of the people is held in higher regard than the financial gain of the incumbents by whatever means necessary.

I would also like to enact and oversee a mandatory music and arts program for every school in my district and all of Florida, along with strengthening the security of our schools and in turn the safety of our children.
